BOOK SYNOPSIS

This uniquely practical introduction to private security emphasizes professionalism and ethics and demonstrates how public law enforcement and private security work in tandem to solve problems and protect both individuals and businesses. INTRODUCTION TO PRIVATE SECURITY focuses on practical, real-world concepts and applications and includes detailed coverage of everything from industry background and related law to premise, retail, business, employment, and information/computer security as well as investigation, surveillance, and even homeland security. Throughout, the emphasis is on providing students with a clear sense of the numerous career opportunities available in this rapidly expanding field - including real-world insight on how to get a job in private security, concrete information on the skills needed, and succinct overviews of day-to-day job responsibilities. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.
