## BOOK SYNOPSIS

From the authors of the New York Times bestselling novel *Welcome to Night Vale* and the creators of the #1 international podcast of the same name, comes a collection of episodes from Season Two of their hit podcast, featuring a foreword by the authors, behind-the-scenes commentary, and original illustrations. In June of 2012, the creators of *Welcome to Night Vale* began airing twice-weekly podcasts, hoping to be heard by anyone outside their close circles. By the anniversary show a year later, the fanbase had exploded, vaulting the podcast into the #1 spot on iTunes. Since then, its popularity has grown by epic proportions, hitting more than 100 million downloads, and *Night Vale* has expanded to a successful live multi-cast international touring stage show and a New York Times bestselling novel. Now the first two seasons are available as books, offering an entertaining reading experience and a valuable reference guide to past episodes. In *The Great Glowing Coils of the Universe* we witness a totalitarian takeover of *Night Vale* that threatens to forever change the town and everyone living in it. *The Great Glowing Coils of the Universe* features a foreword by co-writer Jeffrey Cranor, behind-the-scenes commentary and guest introductions by performers from the podcast and notable fans, including Cecil Baldwin (Cecil), Mara Wilson (*The Faceless Old Woman*), Hal Lublin (*Steve Carlsberg*) among others. Also included is the full script from the *Welcome to Night Vale* live show, *The Debate*. Beautiful illustrations by series artist Jessica Hayworth accompany each episode. *The Great Glowing Coils of the Universe* is an absolute must-have whether you're a fan of the podcast or discovering for the first time the wonderful world of *Night Vale*.
