## BOOK SYNOPSIS

A subculture of gay men participates in a radical form of sexuality and community known as leather. Through intimate forms of encounter, using such tools as pain-pleasure, bondage and role-play, leather can bring a shift of consciousness and a new vision of the self. This innovative book pioneered in sensitively exploring and celebrating leathersexuality. As relevant today as when it was written 20 years ago, *Urban Aboriginals* is an intimate view of the Gay male leather community. Within its pages, Mains explores all aspects of this prominent yet widely misunderstood scene.
